QUINCY

COMPILED BY H. A. MANNING COMPANY WITH THE ASSISTANCE OF QUINCY CHAMBER OF COMMERCE.

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Quincy as limited space permits. The local resident, the visitor, and the distant reader about Quincy, wishes to gain an impression of Ouincy as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Quincy's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following remember that the Quincy City Directory disseminates this information far and wide where this Directory represents Quincy in the Free Directory Library Exchange System of North America. The Quincy City Directory, with nearly 700 closely printed pages, is the City of Quincy in bookform; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Quincy and all interested.

City Seal

LOCATION—Quincy lies on Quincy Bay, which is off the larger Massachusetts Bay, forming the excellent harbor that has had so much to do with the shipping importance of New England. Quincy is strategically situated for residence and business, only seven miles from the heart of Boston, with which it is closely connected by business and social ties. Distances from Quincy are, New Bedford 47 miles, Providence 43, Worcester 43, Lowell 33, Concord, N. H., 96, Portland 118, Bangor 268, Springfield 105, Albany 186, Schenectady 205, Hartford 115, New York 223, Greenfield 105, Elmira 391, Atlantic City 359, Buffalo 506, Philadelphia 318, Rochester 409, Burlington 223, White Mts. 187, Washington 454. Gateway to Cape Cod.

HISTORICAL—Quincy was settled as a trading post in 1625 by Capt. Wollaston. In 1640 it became a part of the Colony of Massachusetts. It was originally a part of the township of Braintree from which it was set off in 1792 and made a town, to which the name of Quincy

was given. In 1888 it was incorporated as a city with Charles H. Porter as the Mayor. Quincy is exceptionally noted as the birthplace of two presidents of the United States; also other distinguished persons. The birthplace homestead of John Adams, second president, was built in 1681, and restored in 1897 by Adams Chapter of D. A. R., and is located on Franklin Street. Birthplace of John Quincy Adams, sixth president, was built in 1716 and restored in 1896 by Quincy Historical Society and is located on Franklin Street. Birthplace of John Hancock, Adams Street where a bronze tablet marks the spot where the house stood in which this patriot was born. Abigail Adams Cairn, Penn's Hill off Franklin Street, marks the spot from which Abigail Adams and her son John Quincy Adams

Adams and their wives are under the Stone Temple of the First Congregational Church at Quincy Centre. In the Auditorium are mural monuments to the memory of the Presidents, President Adams mansion is located on Adams street corner of Newport avenue, and is still occupied by the Adams family. Dorothy Q. House, on Hancock Street corner of Butler Road,

Abigail Adams Cairn

is the old Quincy homestead where Dorothy Quincy was born; the parlor has old paper put on for the wedding of Dorothy Quincy and John Hancock; this property is owned by Massachusetts Society of Colonial Dames. The Myles Standish Cairn is in Squantum district and marks the site of the landing of Myles Standish, Sept. 30, 1621. The old Hancock Cemetery located on Hancock Street, opposite First Church, is the cemetery where lie buried many of the first settlers of Quincy, including Rev. John Hancock, father of the patriot. The site of the first railroad in the United States is at West Quincy, built in 1826 to convey stone for Bunker Hill Monument from quarries to tide water on Neponset River. The foregoing historic points are all open to the public.

TOPOGRAPHY—Quincy has an unusually beautiful and interesting topography. The altitude varies from sea level to 480 feet in sloping terrain. It is probable that the topography of Quincy surpasses in beauty and variety that of any other city in Mass-achusetts, combining sea, headlands, shore and hills. The residential districts extend into the highlands from which views of the lower parts of the city and the bay may be had. Much of Quincy's charm for residences is its highland home sections. When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

FURNITURE AT RETAIL WAREHOUSE PRICES

A Different Plan of Selling Furniture That Lowers the Price But Not the Quality

The vast difference in our prices and those of the regular furniture dealer is accounted for by a comparison of overhead expense. It has already been proven that a great many items which figure in the cost of doing business could be curtailed or eliminated entirely without interfering with the purchaser's comfort or convenience or with our facilities for giving satisfactory service. Every plan in establishing this business has been toward one goal—the reduction of overhead expense, so that we could make good our slogan -

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that characterof progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country; some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Infor-
